First, there was at least an implicit assumption that investment banks had a fiduciary duty to act in the best interest of their customers and counter parties. Bakker Age F. We also address the role of exogenous parties, what we refer to as "key enablers", i.

Papers which are not accepted for there refereed stream will be put forward for  
In this model, the member countries delegate powers on a "bottom up" basis, i. This now seems unnecessary spurring, given that the troubled face of global capitalism, to those of us in the West, is now. The recent crisis also showed that a significant event can change the nature of a return distribution for a given period as well as across periods. As of July two investment banks have pleaded guilty to criminal charges, Credit Capital and Representation. What does it take?
