Speaking in present tense can also help customers look beyond past challenges and frustrations, and more towards a positive future end-goal. It's important to let your brain relax for a while after a particularly intense session of study or

practice, to give it time to connect the dots. You must push yourself to focus on the best information and it takes time to separate the wheat from the chaff.

The meeting will be at 10 a.m. in Conference Room B next to my office.

Creativity Most customers will see customer service as something unpleasant. Patience particularly comes in handy when interacting with customers with a low level of skill in regards to the product. Instead of remaining on the other side of a problem, learning to team up with customers—to become an advocate—goes a long way in increasing customer satisfaction and finding the best solution for both sides.

Great service is the foundation of a sustainable business. For more tips, check out our blog. Customer service is the foundation of a sustainable business.
